According to University guidelines, financial aid awards are adjusted to match enrollment at the end of the 100% Tuition Refund Period, which occurs at the end of the first week of classes each semester. If you make an addition to your schedule after this time, you must submit an appeal in order for your financial aid award to be adjusted accordingly.

Please explain why you registered for additional credit hours after the first week of classes.

Kent State University is required to adhere to the enrollment requirements for Federal, state, and institutional financial aid.

Please check flashline.kent.edu for adjustments to your financial aid awards.
