REPORTING EXTERNAL RESOURCES AND TUITION FEE WAIVERS
Students must report any external awards they will receive from sources outside Kent State University, such as scholarships and tuition assistance or reimbursement. You are also required to report Kent State Employee Tuition Waiver Benefits and NEOMED employee tuition benefits. However, you do not need to report tuition waivers or external awards already noted on the award offer.

Please report external awards as soon as possible, because they may affect your financial aid package. If notification of an external award is received after financial aid has been processed, adjustments to other aid may cause you to owe a balance to Kent State.

For a complete list of contact information for each Kent State campus, visit WWW.KENT.EDU/FINANCIALAID/OFFICE.
